Volim Couture Fashion Opens in Bellflower

Aniesha McMillen opened Volim Couture recently in Bellflower and introduced her quality and affordable fashion clothing, accessories and designer shoes especially for weddings, proms, graduations, and other special occasions — unique shoes that aren't duplicated or sold in stores — at her boutique located at 14329 Woodruff Ave.

"I've been into shoe designing and dressing clients for over five years. I've designed for celebrities, make-up artists, models and others. I also help women with their clothing and what they should wear on any special event. Great quality, customer service and great pricing are what you can expect from Volim Couture," assures Aniesha.

Aniesha's clothing boutique focuses on girls' and women's clothing, accessories and shoe designing and transformation for all women of all ages. "I directed and hosted my own Volim

Couture Fashion Show recently which took place in Bellflower in which over 100 people were in attendance, the show showcased my line of designer shoes and clothing," Aniesha adds. "If you just want a fancy purse or accessories or even shoes, you definitely won't walk out empty handed, we will treat you like friends which means you will get that kind of personal advice and experience when you visit our boutique."

Volim Couture also carries jeans, shirts, skirts, shoes, handbags, glasses, nail polish, stockings, leggings, tops, scarves, jewelry, and all the things that make girls and women feel beautiful.

"You can bring me your old shoes, new shoes it doesn't matter and the transformation will definitely be 360-degrees. There is a 90-day re-do guarantee, if anything happens to the shoes, as far as glitter comes completely off, the paint comes

Environment Friendly Plaza Cleaners Opens

Plaza Cleaners, an innovative, environment-friendly dry cleaning enterprise, established in 1990, recently opened its Bellflower branch located at 15923 Bellflower Blvd., with a "Quality You Can Depend On" pledge to its clients and the community.

"At our state of the art plant we use only a Hydro-Dry Cleaning technology and we do not use the harmful chemical called "Perk". We use modern machines that do less damage to the earth and your wallet. Perk has been known to be harmful to our plants, employees, particularly the respiratory system and may cause cancer," said General Manager Josue Hernandez. Plaza Cleaners is excited to introduce their "mobile dry cleaning unit." Customers no longer need to come to their dry cleaning outfit to have their clothes cleaned. The cleaners will gladly pick up and drop off customers' clothes. This can be done by simply calling them at (562) 804-9081 or via website at web www.mobiledrycleaningca.com.
