DR. DORON NAZARIAN of University Foot & Ankle Institute (center, holding scissors) and his staff hosted its grand opening and ribbon cutting recently at their newly opened clinic at 10230 Artesia Blvd., #208, Bellflower. Council Member Randy Bomgaars, Bellflower Chamber directors, members, families and friends joined and enjoyed a clinic tour and refreshments during the celebration.

The University Foot and Ankle Institute is internationally-recognized and a leading organization for the treatment of foot and ankle problems. Their team of foot and ankle specialists comprehensively treats all foot and ankle problems from simple tendonitis conditions, bunions, heel pain, ankle sprains and fractures to the most complex reconstructive surgery and limb salvage of the foot and ankle.

“If you love what you do you don’t have to commit it to memory. Read it once, Do it once, See it once, then Teach it.”

— Dr. Doron Nazarian

By **TAMMYE McDUFF DUNN**
EDITOR-IN-CHIEF
BELLFLOWER BULLETIN | ZION PUBLISHING

Originally from Israel, Doron at the age of 15 migrated to the United States, to meet with the rest of his family. He and his siblings were always encouraged to work hard. This paved the way for Doron to make the deans list throughout high school; actively participate in schools ASB program as well as run “the Sandwich Club” providing sandwiches to the needy and homeless.

After graduation Doron continued his education at Cal State Northridge, studying biology.

“Being a physician has always been a part of me. My father always said he needed a doctor in the family. So, not only for myself, to set up a good future for me, but to make my parents proud, I became a doctor.”

When he applied to medical school he was asked a question by admissions “What makes you different from everyone else?” This thought stayed with him. As a foreigner he made certain that he worked harder, took more units and contributed back to the community, in order to be the best doctor he could be.

“I didn’t have the luxury to slack off. When you are under pressure, your mind is sharper and you think better with more clarity.”

Dr. Nazarian strives to heal the whole body. If you come to his office with a foot pain or ankle sprain, you will find he won’t just give you a brace and send you on your way. He wants to understand the cause of the problem.

“If I can find the cause, I can find the solution. Being a podiatrist, really allows me to be a detective and find out the cause and then find a solution.”

Dr. Nazarian is very comfortable in his knowledge and skill. When you go to see him, you are placing yourself, your body mechanics in the hands of a specialist.

The University Foot and Ankle Institute is located in a medical building with state of the art radiology, ultrasound and neurosensory testing services available. Offering advanced medical and surgical care of the foot and ankle.

To contact Dr. Doron Nazarian, University Foot & Ankle Institute call (562) 804-4787 or email doronnazarian@aol.com or visit them at 10230 Artesia Blvd, #208, Bellflower | www.footankleinstitute.com.
